Summer Is Coming!

No, this is not some reference to the *Game of Thrones* (though I did watch the season premiere the other night!) Instead I wanted to let you know what we have planned for this summer. We at Chapter 23 know that our members have families and lives. And what could be better than spending a summer day at Canobie Lake park, Six Flags or Water Country? Saving money when you go! That's what. For the past two years we have participated in an online discount program for Six Flags that has been so successful that we decided to do the same for Canobie Lake park and hopefully Water Country. Just in time for summer, we are thinking ahead. Much more information will be provided in next month's Harbor Views!

Address Changes

One of my primary goals is to increase your awareness about chapter happenings, both locally and nationally. One of the best ways that I can do this is to encourage you to update your address which is on file with the union. That can be done in two ways:

1. Register at NTEU.ORG, and update your own addresses.
2. E-mail me at Edward.Filistowicz@NTEU23.com we'll work it out from there.

Chapter 23 will not sell or share with anyone outside of NTEU the information. We will use it when there is a need to contact you without going through your .gov email address. You have to let us know your home email address, at least. If you want to be in the know, then let us know the best way to contact you! You NEED to give us your home email address.

Please remember do not contact him while on the clock or using your government computer. But Mike comes to Boston regularly, and by appointment. Maybe you've seen him in the Cafeteria.
